Notice Regarding the Status of Asahi Intecc Group Factory  
Following the Curfew in the Province of Cebu (6)  
(Progress of the Disclosed Matter)

Asahi Intecc Co., Ltd (Asahi Intecc) announces that the consolidated subsidiary TOYOFLEX CEBU CORPORATION (Cebu Factory) has restored to the normal operation since October 5, 2020 although it had conducted limited operation since March 2020 following the curfew in the province of Cebu.

1. Status of TOYOFLEX CEBU CORPORATION

The curfew in the entire region of Cebu was announced on March 29, 2020 and TOYOFLEX CEBU CORPORATION (Cebu Factory) had conducted limited operation under the acquisition of special operating permit. (For the detail, please refer to the past press releases “Notice Regarding the Status of Asahi Intecc Group Factory Following the Curfew in the Province of Cebu (Progress of the Disclosed Matter)”.)

Although the period of the curfew in the province of Cebu has been continuously extended currently, Cebu Factory has restored to the normal operation since October 5, 2020. Since various restrictions such as arrangement of pick-up vehicles from home to work location for all employees going to work and securing social distance within the factory have been still continuing, operation of the factory will be conducted while complying the restrictions continuously.

2. Impact on operating results

There is no revision to the full-year consolidated financial forecast for the fiscal year ending June 2021 related to this matter.
